Reply to Powers' Note
Constantinople, Jan. 21.—The Turkish foreign minister submitted to the council of ministers a draft of the reply to the note of the powers. It is understood that it insists upon the retention of Adrianople for the following reasons:
First, because the Bulgarian inhabitants are in the minority in Adrianople, not only in comparison with the Moslems, but as compared with other Christians; second, because of the splendid defense of the garrison; third, the loss of Adrianople, containing the temples of the caliphs, would ruin the prestige of Islam; fourth, the loss of Adrianople, which is the gate of Constantinople, would endanger the existence of the empire.
"The porte therefore prays," continues the reply, "that the powers take consideration of the vital necessities of the empire and make representations to the Balkan states with a view to peace. Turkey sincerely desires to find a common ground of understanding and will even consent to fresh sacrifices."
Regarding the Aegean islands, the reply declares that Turkey refuses to abandon the islands near her coasts, but is ready to continue pourparlers respecting the distant islands.

Chicken Incubator Failed to Save the Life of a Two-Pounder

New York, Jan. 17.—Baby Joyce, 10 days old and weighing two pounds, died in the big chicken incubator on the Rancecas poultry farm at Brown's Mills, N. J.

The child, who enjoyed the distinction of being the smallest living infant in the world, was placed in the incubator in the hope its life could be saved. During its brief life the baby shared the home of 50,000 chickens and ducks and hatching eggs.

ON GROUNDS OF PERJURY

Board of Inquiry Excludes Castro From the United States

New York, Jan. 16.—The special board of inquiry at Ellis Island decided that Cipriano Castro, former President of Venezuela, should be excluded from entering the United States. Castro's attorneys immediately announced that the decision of the local immigration authorities would be appealed to the department of commerce and labor.

The reason given by the board for Castro's exclusion was that during his examination he had frequently committed perjury and pretended ignorance of matters concerning which he had knowledge.
